May 22, 2025 Meeting Minutes

DATE:	May 22, 2025
TIME:	1:00 P.M.
LOCATION:	via ZOOM Webinar

#### MEMBERS PRESENT:

Alex Kendrick (Gila County)

Alexis Rivera (Town of Miami) Lana Clark *(Superior)* 

Tara Harman - Vice-Chair (Pinal County)

Barney Bigman (San Carlos Apache Tribe)

Tyler Bingham (Kearny)

LaReesa Sanchez

Cliff O'Neill

Daksha Masurkar

(Payson)

(AECOM)

(White Mountain Apache Tribe)

Ruth Garcia (ADOT - MPD)

#### MEMBERS ABSENT:

VACANT (Hayden)

Tina Ridings (Star Valley)

Gloria Ruiz (Winkelman)

#### GUESTS PRESENT:

Thomas Goodman (Gila County)

Jason Hart (ADOT)

#### CAG Staff:

Steve Abraham (Transportation Planning Director)

zeena Gagnon (Mobility Manager) William Cleamans (Payson)

Travis Ashbaugh - Chairman (City of Globe)

Sandra Shade (Ak-Chin Indian Community)

VACANT (Mammoth)

Mark Guerena (ADOT)

Andrea Robles (Executive Director)

I. Call to Order Chair Ashbaugh called the meeting to order at 1:09 PM.

#### II. Pledge of Allegiance

Steve Abraham led the Committee in the Pledge of Allegiance.

#### III. Roll Call

Roll call was taken. Seven (7) voting members were present, constituting a quorum as established by the CAG TTAC Bylaws.

May 22, 2025 Meeting Minutes

#### IV. Introductions & Title VI Notice

Introductions were made on the Webinar. Ms. Gagnon read a statement of where and how to file a complaint regarding Title VI violations.

#### V. Approval of Minutes – March 20, 2025

Ms. Harman made a motion to approve the minutes of the March 20, 2025, TTAC meeting. Member Rivera seconded. The motion passed unanimously.

VI. Call to the Public No one answered the Call to the Public.

#### VII. Standing Reports

A. Member Jurisdictions:

#### City of Globe

Chairman Ashbaugh reported on five (5) items:

- 1. (GLB 24-01D) "Globe Broad Street Sidewalk Replacement" Design
  - a. Still currently under design with the consultant Ardurra.
  - b. Design believed to be approximately 30-60% complete (ADOT Administered)
  - c. Recently applied for construction funding through the "Transportation Alternatives Program" Call-for-Projects.

#### 2. (GLB 22-01C & GLB 24-04C) "Pinal Creek Bridge – Cottonwood St (Structure # 9711)

- a. Construction is complete and the bridge is open as of Mid-September 2024.
- b. City pursuing to replace the railroad crossing on Cottonwood Street as part of the project and still negotiating the agreement with the railroad.

#### 3. (GLB 23-01C) "Globe/Gila County Sidewalk Improvements"

- a. Currently resolving utility conflicts (water and gas lines).
- b. Anticipation to go to bid has been pushed to August 2025.
- 4. "Upper Pinal Creek Bridge (AKA "Connies" Bridge) Listed in connection with (GLB 22-02C & GLB 24-03C) "Hill Street Improvements"
  - a. Bridge opened on April 3, 2025.
  - b. Old bridge has now been demolished and landscaping scheduled to begin the week of June 2<sup>nd</sup>. We are obtaining quotes for block walls on the ends of where the old bridge was for safety purposes.

#### 5. (GLB 25-01P) "Broad Street (SS4A Grant)"

- a. Contracted with "Living Streets Alliance" to conduct the Public Engagement activities.
- b. Held Kick-off Meeting with "Living Steets Alliance" on May 19, 2025. Expecting to have first phase of activities in October 2025.

May 22, 2025 Meeting Minutes

#### Superior

Ms. Clark reported on one (1) item:

- 1. (SUP 24-02C) "Panther Drive Bridge"
  - a. Construction is underway

#### Payson

Cliff O'Neill reported on two (2) items:

#### 1. "Grantie Dells" (PAY 21-01C):

a. Project is substantially complete, final activities and warranty work will occur in the spring once the temperatures rise.

#### 2. "Longhorn and Mclean Roundabout" (PAY 24-01C, PAY 23-01R):

a. Working to get the plans up to 100% completion. In recent discussions with ADOT however, we are able to get a contractor assigned to the project and the project will restart soon.

(Member Bigman joined the meeting)

#### **Gila County**

Member Kendrick reported on two (2) items:

#### 1. "Tonto Village Bridge" (GIL 24-04D):

a. ADOT is administering the project and should be getting notice to proceed with design shortly.

#### 2. "Bloody Tank Wash Bridge" (GIL25-01D):

a. Meeting with the design consultant next week.

Chairman Ashbaugh optioned to advance the meeting to item 7D, "District Engineers", ADOT.

#### D. District, Engineers, ADOT

Mark Guerena (ADOT) & Jason Hart (ADOT) were present and provided a detailed update of ADOT projects in the CAG Area.

Jason Hart began the discussion with a run through of ADOT projects and their statuses. An exhaustive list can be found on ADOT's ESTIP webpage. (https://estip.azdot.gov/)

Mark Guerena took over the presentation and went into specific detail on the "Shutlze Ranch", "Queen Creek Bridge", "Waterfall Canyon".

Chair Ashbuagh asked if the expected completion date is in 2025.

Mr. Guerena responded 2026 is the most likely.

Vice Chair Harman asked if there will be road rehabilitation after these projects are complete.

Mr. Guerena responded yes, however when the repair will occur is unclear do to funding issues.

May 22, 2025 Meeting Minutes

Chairman Ashbaugh optioned to go back to item 7B, "Multi-Modal Planning Division", ADOT.

#### B. Multi-Modal Planning Division, ADOT

- Ms. Ruth Garcia had the following updates for the TTAC:
- ADOT Draft 2027-2031 (5 year) Construction Program is still available for public comment. Comments are due on May 23, 2025. The call for projects for the is being reviewed by ADOT MPD and are still accepting nominations. A Work Session with the State Transportation Board is expected to be conducted in early June.
- 2. The TA Program received 60 applications and in is the process of reviewing those applications for feedback now. June 6th is the deadline for the second round of reviews, Elaine Mariolle will reach out shortly with any comments on agency applications.
  - a. Chair Ashbaugh inquired if an agency has a successful application when will the funds for the project be distributed. Ms. Garcia reasoned that she believes that funds will be available the next fiscal year.
- **3.** The HSIP program issued eligibility letters last week, and local matches are due to ADOT next week and to work with CAG staff to get those projects added to the TIP then on to ESTIP.

#### C. Local Public Agency, ADOT

No update was presented

#### E. CAG Transportation Planning Update:

1. Gila County IPTA:

Mr. Abraham informed the TTAC that CAG staff wanted to reconvene the GCIPTA board to ensure new members are still interested in CAG completing the GCIPTA Administrative project. He informed the TTAC that the RFP for consulting work to do the project has been completed but wanted reassurance from the Board that they are still interested in pursuing the Transit Authority. Those meetings will be taking place in the coming weeks and looks to have the RFP issued for consultant selection shortly.

and provided a copy of the TIP and a list of administrative amendments for the TTAC review. He also commented that he doesn't believe at this point there will be a call for projects until 2026, based on current allocations.

#### 2. Pinal County Mobility GAP Analysis:

Mr. Abraham used a power point presentation. A copy of the power point is available upon request to CAG staff. Mr. Abraham highlighted the following topics:

1. Tasks associated with the overall study; Existing conditions within the study, Community Outreach, Spatial Gap Analysis, Information Gap Analysis, Subregion Creation and Analysis, Financial Gap including new funding opportunities, and next steps.

Chair Ashbaugh asked if private donations and potential State Tax Credit can be included in the financial gap analysis.

Daksha Masurkar, AECOM provided additional details on the creation and purpose of the subregion approach and the purpose of the information gap analysis.

May 22, 2025 Meeting Minutes

Chairman Ashbuaugh asked what the potential "San Tan Vally Incorporation" will have on the study or the availability of funds.

Ms. Masukar responded that if they do incorporate it will take time to create the government infrastructure to become an eligible recipient (for 5310 and 5311 program funds). She envisions however that Apache Junction may become the next eligible sub-recipient.

#### 3. RTAC

Mr. Abraham used a presentation to discuss the update on RTAC. A copy of the presentation is available upon request to CAG Staff. Mr. Abraham went on to report that next years RTAC proposals will be capped at \$23,539,200. This represents a reduction in allocation from previous years due to the inclusion of the newly formed BHCMPO into the allocation pool. Further, he added that there is no new activity on this year's requests only that he received word that the overall allocation pool has been reduced from \$480 to \$200 million, prior to the Legislature selecting projects.

He continued by requesting that agencies begin thinking about next year's requests and that he will be developing a schedule and recommended project amounts in the coming weeks.

(Member Clark and Member Rivera Left the meeting)

Mr. Abraham announced that there is no longer a quorum of the CAG TTAC. No additional business may be conducted and any additional discussions have to be informational only.

#### VIII. New Business

- **A.** Title VI Non-Discrimination Program Implementation Plan. *No action on this item due to lack of quorum*
- IX. Round Table: A round table discussion was not conducted due to a lack of quorum.
- X. Future Agenda Items: The TTAC was unable to discuss future agenda items due to a lack of quorum.
- XI. Scheduling of Next Meetings: TBD virtual zoom webinar per the adopted schedule.
- XII. Adjournment: The meeting adjourned at 2:31 p.m. due to a lack of quorum.

May 28, 2025 Special Meeting Minutes

DATE:May 28, 2025TIME:10:00 A.M.LOCATION:via ZOOM Webinar

VACANT (Mammoth)

Alexis Rivera (Town of Miami)

May 28, 2025 Special Meeting Minutes

#### V. Call to the Public

No one answered the Call to the Public.

#### VI. New Business

A. Title VI Non-Discrimination Program Implementation Plan

Ms. Gagnon used a power point presentation, a copy of the presentation is available upon request of CAG Staff. Ms. Gagnon highlighted the following topics:

- Title IV requirements and how CAG meets those requirements,
- Federal Funding requirements,
- Demographic information,
- Title IV compliant form.

Ms. Gagnon went on to inform the TTAC that a copy of the plan that is in the TTAC's packet has been submitted to ADOT for review and CAG staff is awaiting additional comments and eventual notice of approval.

Vice Chair Harman asked if there were any questions. Hearing none She called for a motion.

Alex Kendrick motioned to recommend approval of the 2025 Title VI Non-Discrimination Program Implementation Plan as presented by staff. Christine Smith Seconded the motion. The motion passed unanimously.

#### VII. Round Table:

Member Bigman Asked of how this plan we just adopted relates to the Guidance Letter received from the USDOT (April 24, 2025, "Follow the Law Letter").

Mr. Abraham responded that according to our last conversations with ADOT the Title IV plan and its requirements are still in effect when administering federal funds. As far as we know all our projects and consultants still must adhere to the Title IV standards and requirements when utilizing Federal (and State) monies and he believes the guidance letter is in regard to "DEI" initiatives. As of today, this is a standard practice that must be completed every year.

Ms. Gagnon added that she and Mr. Abraham will be attending a Title IV training in the near future to be ready for any new requirements.

- VIII. Future Agenda Items: The TTAC did not have any proposed future agenda items.
- IX. Scheduling of Next Meetings: TBD virtual zoom webinar per the adopted schedule.
- X. Adjournment: The meeting adjourned at 10:22 A.M.

Agenda Item VII-E-1

怒	Information Only
	Motion to Approve

Date: June 19, 2025

- To: CAG TTAC Members
- From: Steve Abraham, Transportation & Water Quality Planning Director

Subject: CAG FY2025 – FY2029 Transportation Improvement Program (TIP)

#### ADD:

 TRAN 25-01\* PAYSON SC OPERATIONS PAYSON SENIOR CENTER - (YR 1 REPLACEMENT - ADA FRIENDLY VEHICLE #2)\* 5310 \$125,750.00 with a local match \$35,467.95 for a grand total of \$161,217.95

#### **Summary Discussion**

CAG is responsible for identifying, prioritizing, and programming transportation improvement projects that are to be completed over a minimum four-to-five-year period on local and regional roads using regionally accepted policies and plans. Projects that meet federal requirements are eligible for CAG's allocated regional Surface Transportation Block Grant Program (STBGP) funds within the TIP. Other competitive federal grant funds are also entered into the TIP administratively as the process in which those funds are determined are outside of CAG's decision-making process.

#### **Fiscal Impacts**

*\$30,000.00 of local match provided by CAG to continue Mobility Management operations.*

#### TASK ASSIGNMENT MPD0541-24

Update to Arizona's Critical Urban and Rural Freight Corridor Networks

Prepared by
Kimley
Horn

TECHNICAL AND FREIGHT ADVISORY COMMITTEE MEETING #3 JUNE 11, 2025 FLOOD

MILES

# Agenda

- Introductions
- Reminder: Project Overview
- Working Paper 2 Data Analysis and Stakeholder Input
- Working Paper 3 Designation Methodology and Findings
- Preliminary Data Analysis and Approach
- Open Discussion
- Next Steps

# Project Overview

# Project Background and Overview

- ADOT designated CRFC/CUFC in 2017
- Bipartisan Infrastructure Law (BIL) increased the max number of miles of highway that a state may "designate"
- Re-designation from this task will be incorporated into the State Freight Plan Update for 2026

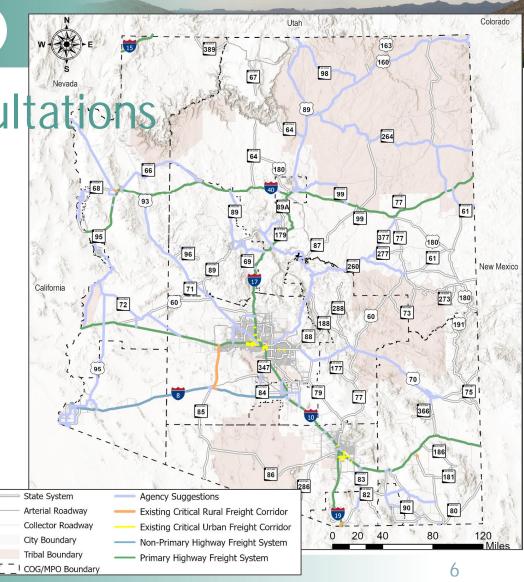

Working Paper (WP) 1	、WP2	VWP3	Final Report
Review Previous CRFC and CUFC	Collect Data and Conduct Consultations	• Update and Develop an Approach and Criteria	<ul> <li>Final Memo</li> </ul>
December 2024	March 2025	> May 2025	> June 2025

# Working Paper 2 – Data Analysis and Stakeholder Input

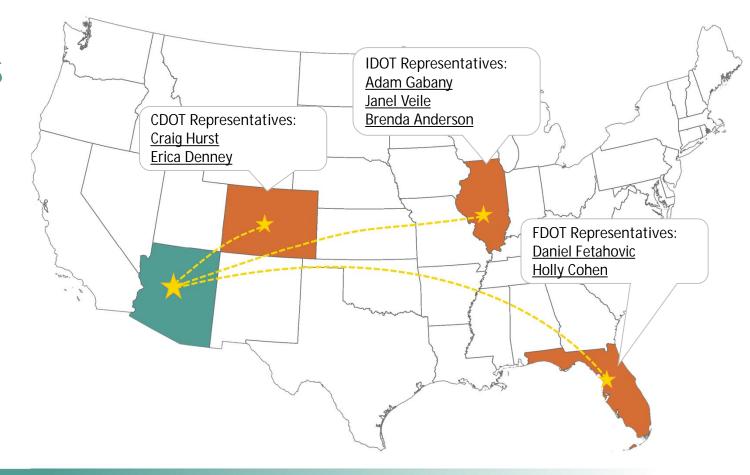

# Individual Agency Consultations

- Meetings to solicit feedback
  - COGs
  - MPOs
  - Arizona Trucking Association Quarterly
  - Tribes
- Suggestions covered:
  - Planned freight movement
  - Unplanned freight movement
- Biggest concerns to all agencies include:
  - Pavement Condition
  - Safety
  - Enforcement

## Peer Agency Consultations

# Working Paper 2 – Sent out on 3/24, updated in April

- I. Introduction
- II. Stakeholder Involvement
  - I. Regular Committee Meetings
  - II. Individual Agency Consultations
  - III. Peer State Consultations
  - IV. Data Collection Framework
- III. Next Steps
- IV. Appendix A: Individual Agency Consultation Notes (includes summaries from ATA and Tribes from April)
- V. Appendix B: Peer Agency Consultation Notes

# Working Paper 3 – Designation Methodology and Findings

# Methodology

## Phase 1 - Baseline Network Development

- Identify baseline corridor segments important for freight mobility (>100 average annual daily truck traffic)
- Agency identified corridors

# Phase 2 - Scoring and Prioritziation

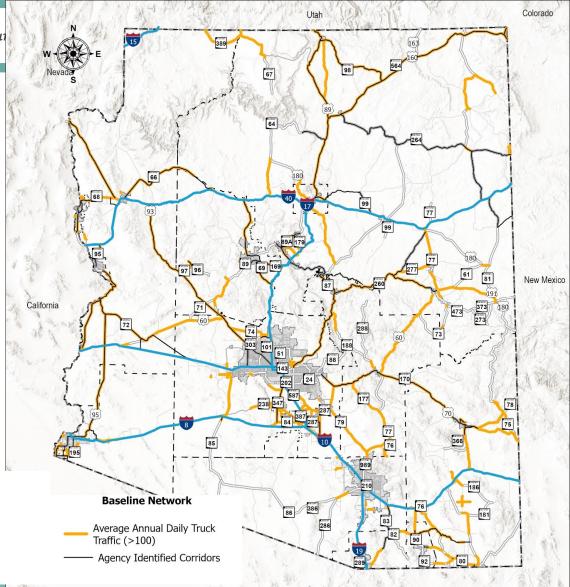

- Scoring, prioritization, and designation coordination aligned with FHWA guidance and criteria
- Urban mileage allocation

## Phase 1 Baseline Network Development

- Corridors exceeding 100 trucks per day on average over the course of a year PLUS agency suggested corridors
- Totals:
  - Urban = 1,928 miles
  - Rural = 3,344 miles (due to additional feedback – was 3,204 miles) – pictured

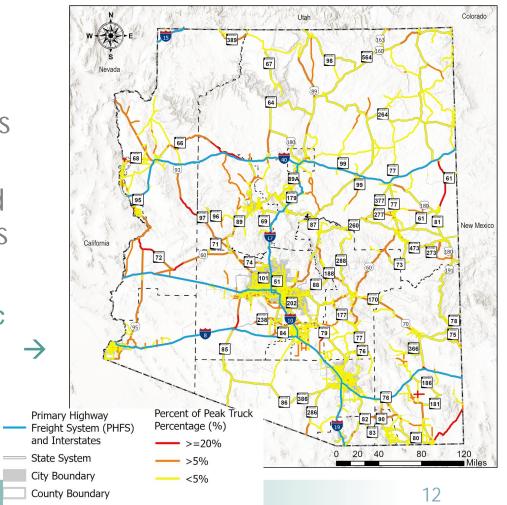

## Phase 2 Scoring and Prioritization

- Need to score/prioritize to 150 miles for urban and 600 miles for rural
- Using individual data sets, score and prioritize corridors based on weights
- Metric maps by corridor:
  - Average annual daily truck traffic
  - Percentage of truck volumes
  - Truck crash hot spots
  - Pavement condition

# Phase 2 Scoring and Prioritization

- Group weight TIMES metric points = total metric weight for each point given to a corridor
- High points = high priority corridor
- Examples of 2 pts:
  - Good, Fair, or Poor
  - N/A or does address metric
- Example of 4 pts:
  - **0 Points:** Below the 25th percentile (low value)
  - **1 Point:** 25th 50th percentile
  - **2 Points:** 50th 75th percentile
  - **3 Points:** 75th 90th percentile
  - **4 Points:** Above the 90th percentile (very high)

Metric Group	Rural Key Metric	Points Given	Group Wt (out of 100)	Per Point Weighting in Metric Group
Goods Movement and	Average Annual Daily Truck Traffic (AADTT)	0 to 4	<mark>50</mark>	<mark>6.25</mark>
Mobility	Percentage of truck volumes	0 to 4	<mark>50</mark>	0.20
Economic Competitiveness and Market	Access to freight generating facilities (Pipeline terminals, mines, rail intermodal facilities, international border crossing, and freight-generating industries)	0 to 2	<mark>15</mark>	<mark>3.75</mark>
Access	Key commerce corridors	0 to 2		
Freight Hot Spot	Stakeholder identified corridors Crash hot spots Pavement condition	0 to 2 0 to 4 0 to 2	<mark>35</mark>	<mark>2.92</mark>
	Travel time reliability	0 to 4		

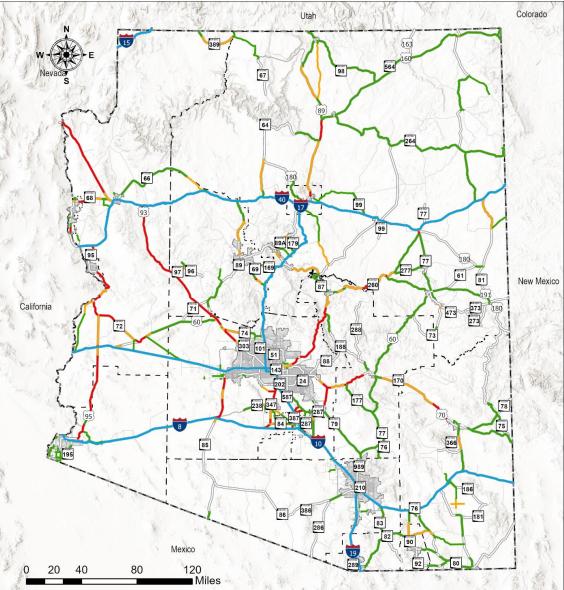

ARIZONA — DEPARTMENT OF — TRANSPORTATION	Metric Group	Rural Key Metric	Segment Data Value	Points	Per Point Weighting in Metric Group	Calculation of Weight	Segment Weighted Score			
	Goods Movement and	Average Annual Daily Truck Traffic (AADTT)	AADTT Segment Value: 1,763	4 Points: Above 90th percentile	6.25	(4+4)*6.25 = 50	50			
Example	Mobility	Percentage of truck volumes	Percentage of truck volumes Segment Value: 15.23%	4 Points: Above 90th percentile						
Example Segment Calculation	Economic Competitiveness	Access to freight generating facilities	Access to freight generating facilities Segment: Access to mining facility in Bagdad, AZ	2 Points: Within 1 mile of facilities	3.75	(2 + 2) *3.75 = 15	15			
Calculation	and Market Access	Key commerce corridors	Arizona Statewide Key Commerce Segment: Yes, this is a key commerce corridor	2 Points: Key commerce corridor designation	5.75		15			
		Stakeholder identified corridors	Agency identified corridors Segment: Yes, an agency suggested this corridor	2 Points: Stakeholder identified corridor designation		(2 + 4 + 2 + 1)*2.92 = 26.28				
	Freight Hot Spot	Crash hot spots	Crash hot spots Segment Value: \$266,336,000 per 1 million truck traffic per year	4 Points: Above 90th percentile (very high)	2.92		26.28			
		Pavement condition	Pavement conditions Segment: Poor on average	2 Points: Poor						
		Travel time reliability	Travel time reliability : Segment Value: 1.12	1 Point: 25th - 50th percentile						
TOTAL SEGMENT SCORE = 50+15+26.28=91.28										

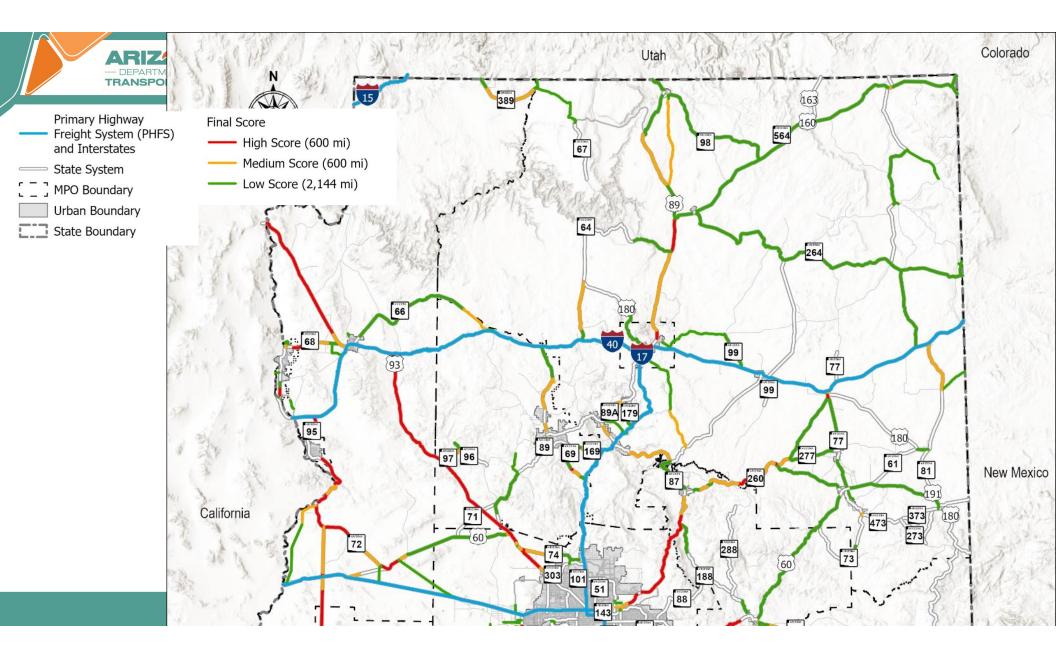

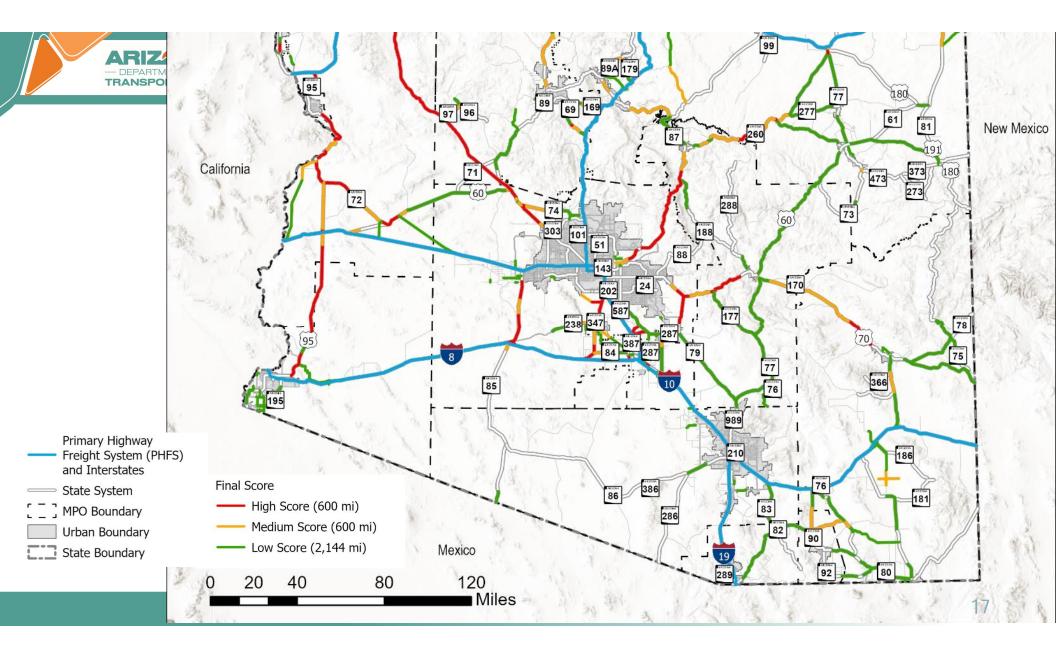

## Approach to Rural Mileage Allocation

- Phase 2 scoring and prioritization process
- Priority mileage:
  - High scores 600 miles
  - Medium scores 600 miles
  - Low scores 2,144 miles

# Approach to Urban Mileage Allocation

- Urban areas outside of MAG and PAG
  - 12.6 miles dedicated to CYMPO in 2017
  - Reserving 25 miles for all urban areas in MPOs
  - Uses Phase 2 scoring and prioritization process
  - High priority scoring corridors are currently in →
- MAG = 60% of urban miles
  - Consistent with 2017 percentage
  - Supported by population % of state and urban baseline network share in state
  - Increased mileage from 2017 = 91.5 miles
- PAG = 22% of urban miles
  - Less percentage than 2017
  - More mileage allocated per PAG consultation = 33.5 miles
  - Increased mileage from 2017
- Total miles = 150 miles

# **Open Discussion**

TASK ASSIGNMENT MPD0541-24 Update to Arizona's Critical Urban and Rural Freight Corridor Networks

### Next Steps

- Working Paper 3 send comments/input in by June 16
- Public comment period for full project report late June/early July
- Finalize project report by end of July

# Thank you!

### Juan Diego Porras -Alvarado WSP USA AMP Consultant Juan.Porras -Alvarado@wsp.com (775) 313 6720

#### Why are we here?

#### Moving Ahead for Progress in the 21 st Century (MAP -21, 2012)

- Requires that State DOTs prepare a Asset Management Plan (AMP) for NHS bridges and pavements including those owned by local governments
- Your jurisdictions have been identified as owners of NHS bridges and pavements
- Envisions that State DOTs and local governments maintain their respective NHS bridges and pavements in a state of good repair

#### P.L. 114-94 Fixing America's Surface Transportation (FAST) Act

Key Highway Provisions

#### US. Department of Transportation Federal Highwa Administration

### Agenda

- 1. Federal Asset Management Regulations
- 1. ADOT AMP Overview
- 1. Local Public Agency Analysis
- 1. Engagement and Collaboration

# Federal Asset Management Regulations

#### What is Asset Management?

"Asset management is a strategic and systematic process of operating, maintaining, and improving physical assets , with a focus on both engineering and economic analysis based upon quality information , to identify a structured sequence of maintenance, preservation, repair, rehabilitation, and replacement actions that will achieve and sustain a desired state of good repair over the lifecycle of the assets at minimum practicable cost ."

- 23 U.S. CFR 515.5

#### Federal Asset Management Requirements

23 US CFR 515.9(b) & (d)(3)	23 US CFR 515.17	23 US CFR 515.9(k)	23 US CFR 667
<ul> <li>Develop a risk- based AMP</li> <li>Include all National Highway System (NHS) bridges and pavements, including locally owned NHS assets</li> </ul>	<ul> <li>Develop and operate bridge and pavement management systems</li> <li>Set performance targets</li> <li>Meet FHWA minimum standards</li> </ul>	<ul> <li>AMP bears signature of the head of the State DOT</li> </ul>	<ul> <li>Consider repeated emergency events</li> <li>Conduct annual evaluations</li> <li>Evaluate reasonable alternatives</li> </ul>

#### Investment Strategies (Bridge Example)

Projected investment levels by work type over a 10 -year horizon:

(\$ Millions)	2019	2020	2021	2022	2023	2024	2025	2026	2027	2028	Total
			N	ATION	AL HIGH	IWAY S	YSTEM				
Maintenance	2.9	2.9	2.9	2.9	2.9	2.9	2.9	2.9	2.9	2.9	29.0
Preservation	11.8	11.8	11.8	11.8	11.8	11.8	11.8	11.8	11.8	11.8	118.0
Rehabilitation	23.6	23.6	23.6	23.6	23.6	23.6	23.6	23.6	23.6	23.6	236.0
Reconstruction	20.7	20.7	20.7	20.7	20.7	20.7	20.7	20.7	20.7	20.7	207.0
Total NHS	59.0	59.0	59.0	59.0	59.0	59.0	59.0	59.0	59.0	59.0	590.0

#### FHWA's Consistency Standard

 CFR 515.13 (b) 2 (i) – FHWA considers the best evidence of plan implementation to be that, for the 12 months preceding the consistency determination, the State DOT funding allocations are reasonably consistent with the investment strategies in the State DOT's asset management plan. The demonstration takes into account the alignment between the actual and planned levels of investment for various work types (i.e., initial construction, maintenance, preservation, rehabilitation and reconstruction).

### Penalty

 CFR 515.15 (a)— If a State DOT has not developed and implemented an asset management plan consistent with the requirements of 23 U.S.C. 119 and this part, the maximum Federal share from National Highway Performance Program projects and activities carried out by the State in that fiscal year shall be reduced to 65 percent for that fiscal year.

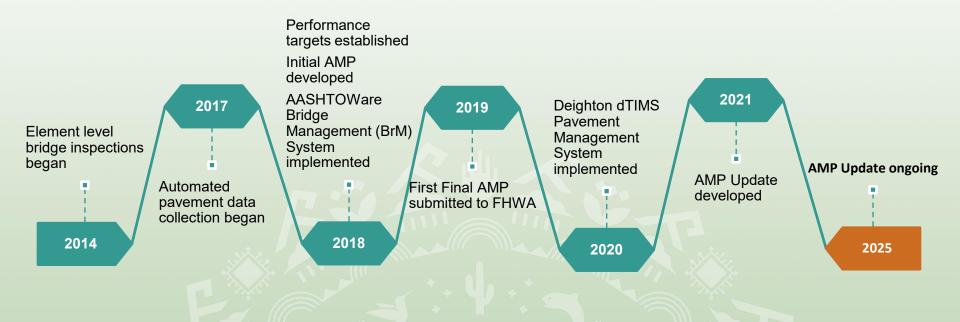

#### **Coordination with NHS Asset Owners**

 Reduce duplication by utilizing data produced through the planning process under 23 CFR 450.314(h):

"The MPO(s), State(s), and the providers of public transportation shall jointly agree upon and develop specific written provisions for **cooperatively developing and sharing information related to transportation performance data, the selection of performance targets, the reporting of performance targets**, the reporting of performance targets , the reporting of performance to be used in tracking progress toward attainment of critical outcomes for the region of the MPO (see § 450.306(d)), and the collection of data for the State asset management plans for the NHS ..."

## **ADOT AMP Review**

#### **ADOT's AMP Journey**

### **Bridge Inventory & Condition**

Bridge Owner	Number of Bridges *	Bridge Deck Area (square feet) <sup>†</sup>	Good (%)	Fair (%)	Poor (%)
State-owned NHS Bridges	3,047	33,025,024	60.4	38.8	0.9
Locally-owned NHS Bridges	235	2,320,940	39.6	59.4	1.0
Total NHS Bridges	3,282	35,345,964	59.0	40.1	0.9
Total Other SHS Bridges	1,830	13,256,445	60.4	39.1	0.6
Total Bridges Covered in the AMP	5,112	48,602,409	59.4	39.8	0.8

Notes:

\* Includes culverts with openings measuring 20 feet along the centerline of the road.

† System-wide bridge condition ratings are typically reported by deck area since this metric accounts for the variance in bridge size throughout the state.

Source: ADOT 2025

#### **Pavement Inventory & Condition**

Pavement Asset Category	Total Lane Miles	Good (%)	Fair (%)	Poor (%)
Interstate	5,237	53.3	44.4	2.3
State-owned, Non-Interstate NHS	6,257	39.8	56.2	3.9
Locally-owned NHS	1,618	6.1	79.5	14.5
Total NHS Pavements	13,112	40.9	54.4	4.6
Other SHS Pavements	8,466	20.3	71.4	8.3
Total Pavements Covered in AMP	21,578			
Source: ADOT 2025	( ,' ¥ ', ۹			

#### **Infrastructure Performance Measures**

- Percentage of NHS bridges classified as being in good condition
- Percentage of NHS bridges classified as being in poor condition
- Percentage of Interstate pavement s in good condition
- Percentage of Interstate pavements in poor condition
- Percentage of non-Interstate NHS pavements in good condition
- Percentage of non-Interstate NHS pavements in poor condition

# Four -Year Performance Targets and Recent Performance

Performance Measure	2023 Target (%)	2023 Performance (%)	2025 Target (%)
Percent of NHS bridges classified as in Good condition	52.0	57.9	52.0
Percent of NHS bridges classified as in Poor condition	4.0	0.9	4.0
Percent of Interstate pavements in Good condition	44.0	53.3	44.0
Percent of Interstate pavements in Poor condition	2.0	2.3	4.5
Percent of non-Interstate NHS pavements in Good condition	28.0	32	28.0
Percent of non-Interstate NHS pavements in Poor condition	6.0	6.1	10.0

#### Long -term State of Good Repair (SOGR) Targets

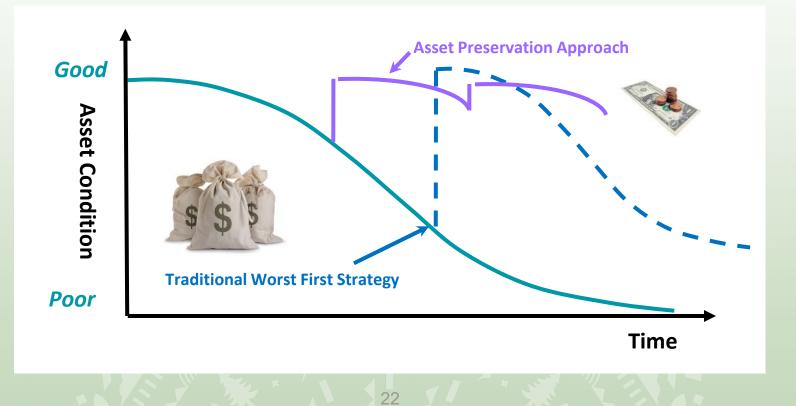

- At the asset level, a SOGR means that the asset is providing the desired level of service and is in sufficient condition to enable cost -effective maintenance and preservation.
- At the network level, a SOGR means a performance level that can be sustained at minimal long-term cost to the agency and to road users. This requires that maintenance and preservation are applied consistently and strategically, that risks are managed, and that performance deficiencies are corrected in a timely manner.

Performance Target	Percent Good/Fair	Percent Poor
ALL Bridges (NHS & Non-NHS)	96%	4%
Interstate Pavement	95%	5%
State-Owned NHS Pavement	90%	10%
State-Owned High-Volume Pavement (Non-NHS)	90%	10%
State-Owned Low-Volume Pavement (Non-NHS)	85%	15%

### Life Cycle Analysis

- Tools:
  - Bridge Management System AASHTOware BrM
  - Pavement Management System Deighton dTIMS
- Process:
  - Uses deterioration models and current bridge and pavement inspection data to predict performance
  - Risk is factored in the analysis
  - Treatment decision tree is based on ADOT's treatment strategy
  - Different management and funding scenarios can be compared over long periods of time

#### Managing Asset Cost -Effectively

# Using the AMP

#### **Agency Trends**

Increased emphasis on balancing asset preservation with other priorities, including safety, mobility, resilience, & inclusion

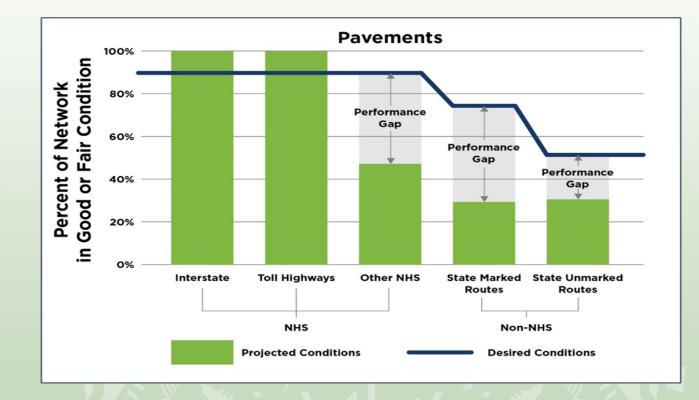

Targeted efforts to improve agency efficiency & effectiveness

More reliance on data to drive investment decisions

Additional emphasis on accountability and the use of dashboards

#### **Describing Your Needs (not ADOT data)**

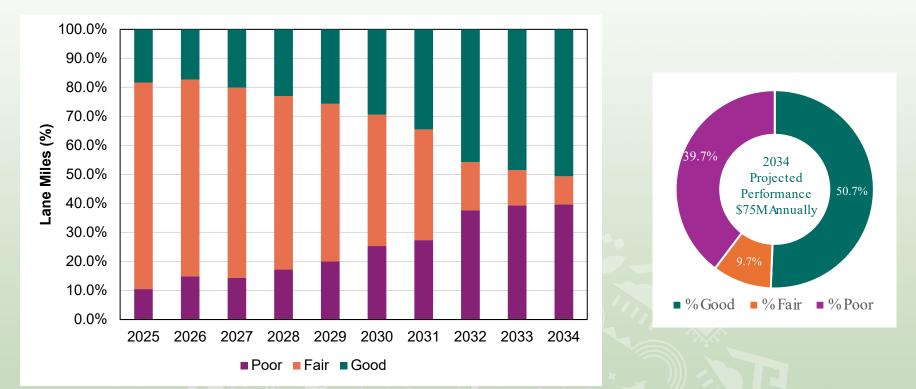

# Local Public Agency Life Cycle Analysis

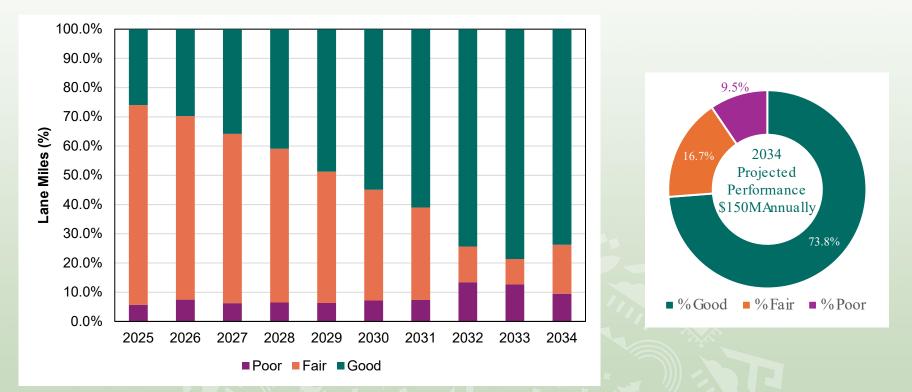

#### Agency Asset Snapshot

- Purpose:
  - Provides a summary of NHS assets, including pavement and bridges for your agency.
- How to Use This Information?
  - Confirm total NHS pavement lane miles, number of bridges, and bridge deck area; report discrepancies to ADOT.
  - Review project recommendations to support statewide performance targets and long -term state of good repair.
- Included Information:
  - Asset inventory and condition summary
  - Pavement and bridge life cycle project recommendations

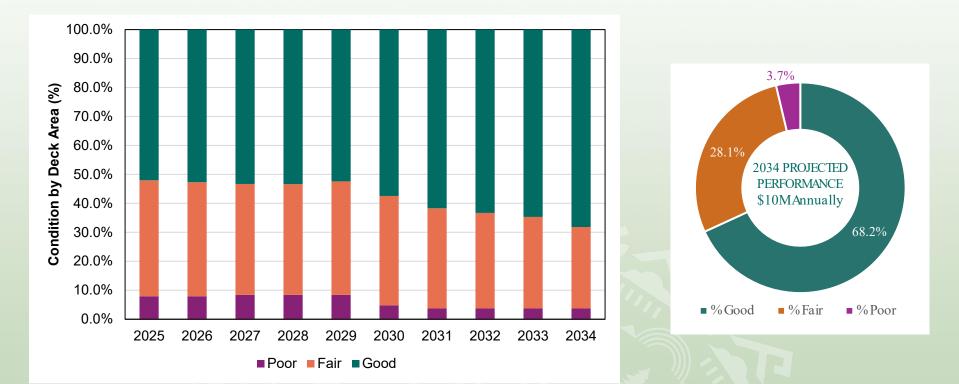

#### Local NHS Pavements - \$75 million/yr

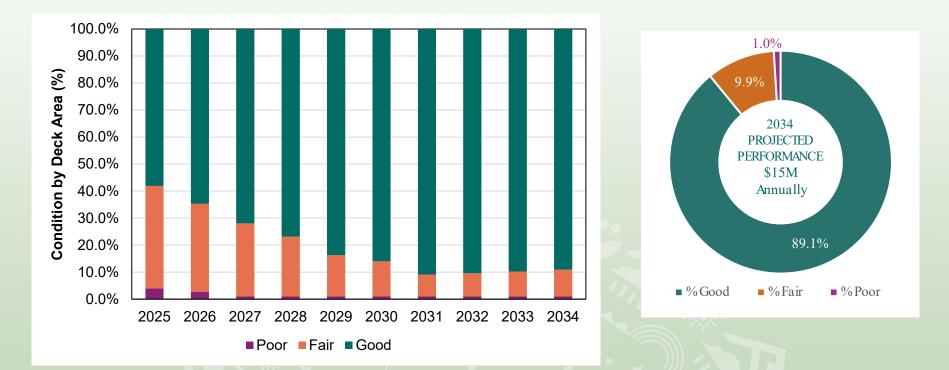

#### Local NHS Pavements - \$150 million/yr

#### Local NHS Bridges - \$10 million/yr

#### Local NHS Bridges - \$15 Million/yr

#### **Agency Asset Snapshot**

Transportation Asset Management Plan (AMP)

Phoenix Snapshot

#### What is an Agency AMP Asset Snapshot?

In accordance with federal requirements, the 2025 ADDT AMP must include all portions of the National Highway System (NHS), including those owned or maintained by other jurisdictions in the state. This snapshot provides a summary of the assets (pavement and bridges) included for your agency.

How Should I Use	this Information?		An Out	tward Look

\* See treatment definitions and location details in the attached spreadsheet. More information on the locations can be found in the Dashboard, "Pavement Condition" at https://ladot.gov/mapi.

# Future Engagements & Collaboration

#### Stakeholder Engagement

Data coordination (asset inventory, condition, financial)

Identifying risks on the non-ADOT NHS network

Sharing lifecycle analyses outputs and recommended investment strategies

Statewide NHS performance targets

Annual implementation progress & performance reports

#### How Can You Help?

- When identifying a bridge or pavement project in the TIP use the ADOT work type (preservation, rehabilitation, reconstruction)
- Utilize the ADOT provided snapshot to assist in managing your NHS assets
- Develop a plan of projects for NHS assets and share with ADOT
- Support requests for information regarding you NHS assets by ADOT

#### Want More Information?

- TAM Portal: <u>https://www.tam-portal.com/</u>
